Subject: Proposal for modification of CO/ILO – PO mapping and ILO description of CSE 208 (Data Structures)

Dear Sir,

With due respect, I would like to inform that CO/ILO – PO mapping and ILO description of CSE 208 (Data Structures Lab) till Summer 2019 were combined with CSE207 (Data Structures) that needs to be separated and corrected. After discussing with the other other faculty members, we have decided that ILO 1, ILO 2 and ILO 3 are more aligned to CSE 207 and hence proposed to remove from the current course outline of CSE 208. ILO 4 and ILO 5 have been renamed as ILO 1 and ILO 2 in the proposal.

A revised course outline for CSE 208 for Fall 2019 is attached as a proposal. In the proposed course outline, for more appropriateness, ILO 1 is mapped to PLO9 and demapped with PLO3 and PLO11, and ILO2 is mapped to PLO9 and demapped with PLO2 and PLO3.

Sincerely yours

Satyaki Das
